Choice of Programme

(To provide at least first choice. Do not repeat choices). Click here to find out more on programmes available and check on the Minimum Subject Requirements.

*First Choice:	Medicine
Second Choice :	Renaissance Engineering Programme
Third Choice:	Computer Engineering with a Second Major in Data Analytics
Fourth Choice:	Data Science and Artificial Intelligence
Fifth Choice:	Environmental Earth Systems Science with a Second Major in Data Analytics

Please note that your application will also be considered for the choice(s) listed below, in top-to-bottom sequence, subsequent to the choice(s) you have indicated above. To find out more about this new scheme, click here.

Computer Engineering
Environmental Earth Systems Science

Note:

1. Applicants interested in the LKCMedicine programme are to note that only those who have selected the programme as a first choice will be considered. Applicants must not have started or completed an undergraduate programme at any university. Applicants who have previously applied may not be considered unless they have shown significant improvements in their academic grades or BMAT results. Applicants are required to complete an additional section "Application for LKCMedicine Programme" at the Application Tracking Page via the Check Status link upon successful submission of this online application form.
2. **Application choice auto-inclusion scheme.** Applicants choosing any programme with a second major will also be considered for its corresponding programme with no second major, in a manner succeeding any of the 1st to 5th choices if selected in the application form, and if they have not been earlier selected as one of the five choices. E.g. an applicant indicated 1st choice Biological Sciences with a second major in Food Science and Technology, 2nd choice mechanical engineering, and no other choices will be considered for Biological Sciences with a second major in Food Science and Technology, mechanical engineering, followed by Biological Sciences. If the applicant wishes to be considered Biological Sciences as a second choice over mechanical engineering, he should therefore indicate Biological Sciences as a second choice.
3. Students who are offered Engineering or Engineering with a Minor in Business programme will be streamed into either Civil, Electrical & Electronic, Mechanical, Environmental or Materials Engineering from the second semester of year 1 of study on the basis of their year 1 first semester university results and competition.
4. Applicants interested in the double degree programmes offered under Engineering & Economics are allowed to choose no more than 2 from the programmes available.
5. Applicants choosing a particular programme with a minor in business will also be considered for its corresponding programme with no minor, and vice versa. E.g. by choosing 'Bioengineering with a Minor in Business', one will also be considered for 'Bioengineering'. Similarly, by choosing 'Bioengineering', one will also be considered for 'Bioengineering with a Minor in Business'. Applicants need not and will not be provided the option to choose both.
6. If you choose Art, Design & Media as one of your choices, please take note of the additional supporting documents that you need to submit.
7. Please note that Arts (Education) and Science (Education) are teacher training programmes. Successful applicants will be bonded to serve the Singapore Ministry of Education for 4 years.
8. Please note that some of the lessons related to Biomedical Sciences programme are conducted in Chinese. To apply for the programme, you need to have at least a pass in Chinese at GCE 'O' Level/Junior High School level. This programme is not applicable to Citizens of Mainland China, Hong Kong SAR and Taiwan.

Achievements

Aptitude-based Admissions (ABA) - Optional
Please read more at http://www3.ntu.edu.sg/oad2/website_files/DA.pdf

Aptitude-based Admissions (ABA) take into account students' passions, interests and strengths. Applicants with exceptional talents and/or outstanding achievements beyond schools' co-curricular activities can be considered, subject to a minimum level of academic competence, for admissions under ABA. Academic grades of relevant subjects may be an indication of aptitude as well. Please let us know if you have any other talents or achievements besides your academic results that you would like us to consider in your application for this admission exercise.

This Section may be completed after you have submitted the application form.

Personal Statement

In not more than 300 words, introduce yourself including, but not limited to, the reasons for your wishing to study medicine and any experience that may have driven your desire to become a doctor. Leadership experience and teamwork ability should be highlighted.
The personal statement may be followed up at the interview stage.

Note: You may provide a draft here. You will be able to revise/finalise your Personal Statement within application period via the Check Status link upon submission of this application form.

Growing up, I was exposed to the world of medicine through my grandmother who is a Doctor. I was amazed by the knowledge and compassion she brought to her work, and I knew that I wanted to be a part of the medical community one day. I have always been inspired by the incredible work of healthcare professionals and the positive impact they have on the lives of others especially during the pandemic. This drive to make a difference in the world is what led me to pursue a career in medicine. This passion to make a positive impact is reinforced by Job shadowing at the International Baby, Child and Adolescent clinic with Dr. K Vellayappan.
