Dear JOTHILINGAM DHEERAJ

OFFER OF ADMISSION TO THE NATIONAL UNIVERSITY OF SINGAPORE

I take great pleasure in offering you admission to the National University of Singapore for the following undergraduate course(s) in Academic Year 2023

HOME COURSE: Environmental Engineering

With your scholastic and personal accomplishments, alongside your potential for future academic success, we are confident that you will bring unique and valuable contributions to the NUS community.

As a leading global university, it is our mission to prepare you to be future-ready and to be your companion for lifelong learning. We will be a guiding bridge between your academic and work life – facilitating your engagement with potential employers and helping to hone important skillsets necessary for the future of work.

We offer a variety of cross-disciplinary programmes and global opportunities. Our curriculum is constantly refined to stay relevant to the industry. Beyond the requisites of an academic degree, we provide rigorous and broad-based programmes that enable you to delve into multiple knowledge domains that suit your strengths and interests.

The NUS experience is further complemented by a vibrant residential programme and a community enriched with diverse social and cultural perspectives.

We sincerely hope that you will join us and await your response to our offer of admission via the NUS acceptance portal (http://www.nus.edu/accept) by 24 May 2021.

We greatly look forward to welcoming you to the NUS family.

Yours sincerely,

Prof Tan Eng Chye
President
National University of Singapore
